

### SHOW A Quick Change List

These dancers have less than 4 numbers in between two or more of their dances. The quick change(s) will occur between the following dance number(s):

At dress rehearsal and recital, your child goes to stage left to find the designated quick change area to drop off their costume. Please have all of your child's necessary costume pieces and shoes for the quick change in a clearly labeled zip-lock or garment bag.

Dancers will head immediately to the quick change area after performing. Due to theatre guidelines, parents CAN NOT come backstage to help with quick changes; we have plenty of helpers to assist dancers with their change. Please pick up your costume from the quick change area before you leave the theatre. Quick changes aren't something to be stressed over. We have a team of experts to help your dancer feel prepared and ready to dance!

#### Intermission for Show A is between #13 and #14

Name	Coming From:	Going To:	#'s to Change
